

## SEMMELWEIS UNIVERSITY FACULTY OF MEDICINE

**Prof. Dr. László Rosivall**, med habil, PhD, DSc  
Széchenyi Prize and KIA Laureate  
INSTITUTE OF PATHOPHYSIOLOGY, Director  
PHD SCHOOL OF BASIC MEDICAL SCIENCES, Head  
HUNGARIAN ACADEMY OF SCIENCES – SEMMELWEIS  
UNIVERSITY RESEARCH GROUP FOR PEDIATRICS  
AND NEPHROLOGY

---

**Dear Colleague,**

The **21st Budapest Nephrology School** (Nephrology, Hypertension, Dialysis, Transplantation) under the auspices of ISN, ERA-EDTA and ISP will be **traditionally**, held between **26 -31 August, 2014 with the participation of distinguished international faculty**.

One of the **best known refresher courses** on nephrology has attracted many young physicians from Europe and around the world during the past decades.

Last year, the 20th Budapest Nephrology School was accredited by the European Accreditation Council for Continuing Medical Education (EACCME) for 29 European CME credits (ECMEC). We are expecting to have similar evaluation for the 21st Budapest Nephrology School as well. For Hungarian participants the course was accredited by OFTEX for 50 credits in 2013. We would like to encourage you to participate this year again.

We are going to have a **poster session** this year too where participants can demonstrate and discuss their own research results in basic and clinical sciences.

The **"Meet the Professors"** session is a good occasion to get to know and discuss your professional questions with the experts from the leading institutions and the opinion leaders.

For the **preliminary program** please visit the official website at [www.bns-hungary.hu](http://www.bns-hungary.hu)

**Please forward this invitation also to all your young colleagues and friends who would be interested in participation.**

**Please follow us on Facebook!**

Kind regards,

**Prof. László Rosivall**, MD, PHD, DSc  
President of the Hungarian Kidney Foundation
