

# 4<sup>th</sup> Israeli Vascular Access Conference

January 14<sup>th</sup>, 2015 | Dan Panorama Hotel, Tel Aviv, Israel

07:30-08:30 *Registration, coffee, visit the exhibition*

08:30-09:00 Session I Chairs: Talia Weinstein ISR, David Shemesh ISR

08:30-08:35 Welcome Introduction

### Epidemiology

08:35-08:50 Trends in epidemiology of ERS and dialysis populations around the world Wolfgang Meichelboeck, DEU

08:50-09:00 Epidemiology of dialysis patients in Israel Eli Golan, ISR

09:00-09:10 Israeli Basket of Services Committee - How it works Yonatan Halevi, ISR

09:10-10:00 Session II Chairs: Ilya Goldin ISR, Miltos Lazarides GRC

### Vascular access creation and maturation

09:10-09:20 Preoperative planning of vascular access to increase fistula rate and maturation Ilya Goldin, ISR

09:20-09:30 Forearm AV fistula in adults and in children Pierre Bourquelot, FRA

09:30-09:40 Basilic vein transposition fistula Ioannis Tsolakis GRC

09:40-09:50 Vascular access in the lower limbs Miltos Lazarides, GRC

09:50-10:00 Endovascular enhancement of fistula maturation Adam Farkash, ISR

10:00-10:20 *Coffee break and visit the trade exhibition*

10:20 -11:00 Session III Chairs: Michael Tal ISR, Bart Dolmatch USA

### Hemodialysis Catheters

10:20-10:30 Why are catheters last on the list of vascular access: The inventor's point of view Michael Tal, ISR

10:30-10:40 Catheters for hemodialysis in patients with central vein occlusion Eli Atar, ISR

10:40-10:50 Direct right brachiocephalic vein approach for dialysis catheters Uri Rimon, ISR

10:50-11:00 SVC RA junction, where is it and the implication for central venous catheter placement Yakov Cynamon, USA

11:00-11:40 Session IV Chairs: Selcuk Baktiroglu TUR, David Shemesh ISR

### AV Graft construction and maintenance

11:00-11:10 Advances in AV graft construction Eric Chemla, GBR

11:10-11:20 Desperate vascular access Selcuk Baktiroglu, TUR

11:20-11:30 Early cannulation grafts- are they really justified? Eric Chemla, GBR

11:30-11:40 Human bioengineered grafts - a new era in vascular access surgery Tomasz Jakimowicz, POL

11:40-12:00 *Coffee break and visit the trade exhibition*

12:00 -12:50 Session V Chairs: Asher Korzets ISR, Yakov Cynamon USA

### Endovascular intervention in vascular access

12:00 -12:10 Endovascular simulation of vascular access procedures Gabriel Bartal, ISR

12:10 -12:20 The role of medical treatment in access failure prevention Asher Korzets, ISR

12:20 -12:30 Recanalization of the SVC: techniques and watch outs Yakov Cynamon, USA

12:30 -12:40 The role of drug eluting balloons in vascular access for hemodialysis Stavros Spilopoulos, GRC

12:40 -12:50 Intervention to treat symptomatic central venous obstruction doesn't work very well. Why not? Bart Dolmatch, USA

12:50-13:30 Session VI Chairs: Pierre Bourquelot, FRA, Eric Chemla GBR

### Vascular Access Complications

12:50 -13:00 Endovascular management of fistula thrombosis Daniel Berelowitz, ISR

13:00 -13:10 Steal syndrome- a review of treatment options Pierre Bourquelot, FRA

13:10 -13:20 Cardiac aspects of AV fistula for hemodialysis Leonid Feldman, ISR

13:20-13:30 Connected, - Inspiring Lecture Paz Mscovitch Gunn-Zakh

13:30-14:30 *Lunch and visit the trade exhibition*

14:30-15:30 Session VII Chairs: Anthony Verstandig ISR, John Aruny USA

### Stent grafts in vascular access

14:30-14:40 The role of stent grafts in vascular access Anthony Verstandig, ISR

14:40-14:50 To the Rescue! Results of the US multicenter clinical trial using Fluency stent-graft to treat AV access in-stent restenosis Bart Dolmatch, USA

14:50 - 15:00 Results of the randomized clinical study with the Gore Viabahn Endoprosthesis John Aruny, USA

15:00-15:40 Session VIII Chairs: Gabriel Bartal ISR, Stavros Spilopoulos, GRC

### Great Debates: Optimal endovascular management of AV access stenosis

15.00 - 15.09 Stent grafts are the solution John Aruny, USA

15.09 - 15.18 Drug eluting PTA balloons can definitely do the job Ziv Haskal, USA

15.18 - 15.20 Voting by the participants

### Special Topics

15:20-15:30 What is the best vascular access in elderly patients? Yosef Haviv, ISR

15:30-15:40 Peritoneal dialysis as an option in vascular access failure Roberto Podin, ISR

15.40-16.00 Session IX Chair: Eli Atar, ISR, Panelists: Jacob Cynamon, USA, Bart Dolmatch, USA

### Management of Vascular Access complications - case presentations

15.40 - 15.45 Entrapped delivery catheter with incomplete stent graft deployment Bart Dolmatch, USA

15.45 - 15.50 Pulmonary embolism during thrombolytic therapy Anthony Verstandig, ISR

15.50 - 15.55 Monomelic ischemic neuropathy post PTA of failing dialysis graft Jacob Cynamon, USA

15.55 - 16.00 Brachial artery false aneurysm due to AV access intervention David Shemesh, ISR

16:00 Adjourn
